

ENGLISH SHORT MAT BOWLING ASSOCIATION

Wednesday 15th December 2021

The ESMBA Management committee over the years have tried to gain feedback regarding what the ICC should look like, traditionally members have always steered to no change, the years that there have been change has seen a backlash from many and we have always reverted back to the 'safe old format' but is that format still fit for purpose. Does it give the players what they want, are the smaller Counties struggling with finding 20 players each game? The following questionnaire is hoped to help start the process of shaping the ICC for the future ahead. We ask all members to fill in the form so that we can look at the trends and the direction we need to be going in. Please use either the QR code or the link below to access the survey.

We have used this software successfully to canvas the U18 members in pursuit of our safeguarding standards and now aim to use it more regularly on different subject to give the members the chance to have their say. Obviously, there is no guarantee your ideas will be the ones that go forward but if there are enough opinions in a similar direction then it will be used to consider the future of the ESMBA.
